Good day [REDACTED]

I hope this email finds you well.

I listened to your Radio interview of the 30<sup>th</sup> of August 2022 on Merafong 360 Radio where you spoke about Harmony Gold's commitment to its employees and mining communities. You mentioned that the mine delivered on its promise to uplift the mining communities by investing in the development of the communities through projects that create employment for the communities through your strategy of mining with a purpose. **It's really commendable that your company delivers on its promise to the mining communities in line with your strategy of "mining with a purpose".**

My name is [REDACTED], founder of [REDACTED] Productions - a female owned production company with members who have collective experience of over 100 years in Television, Radio and Arts and Culture Programmes. We create educational content for film, television, and radio drama.

I believe in mentoring and creating opportunities for the youth in these areas. Your commitment to the communities moved me.

Part of our mission is to make careers in Television and the Arts accessible to young people from rural areas and small mining towns. I have some thoughts I'd like to discuss with you around this.

If you'd be open to it I'd like to request a brief 20 minutes virtual meeting with you where I can share my thoughts and hopefully get your take. If you prefer face to face, I'd gladly come to your offices.

Would Thursday 24 February at 11h30 be a convenient time for you? If not, I'm open to work around your availability.

I look forward to hearing back from you.

Kind regards,
